The deal sheet

USD · NEWEST FIRST

01 HYDC1 · Thailand EEC — $590M
6 Nov · seven-year, Thai bank

02 Pure DC · platform facility — $780M
5 Nov · option to ~$1.9B

Amounts as reported; no MW disclosed for the Thai site.

Sources: W.Media, 6 Nov 2026 · Data Centre Review, 5 Nov 2026

PURE DC · OPTION

$1.1B

extra borrowing on top of the $780M

A corporate-level facility, not tied to one campus. Three new lenders joined three existing ones. Pure DC targets sites where electricity capacity can be secured.

HYDC1 · ANCHOR CONTRACT

$1.6B

10-year colocation deal, ex-electricity

Signed July 2026 with a leading internet company. Reported as roughly one-third of expected rental revenue at full build-out. Delivery is phased in 2027.

Pipeline context: MW under construction

MW · PUBLISHED CAPACITY ONLY

Thailand also lists 1326 MW announced across 27 tracked projects.
