Source: W.Media, 13 Nov 2026

What the new money is made of

USD MILLIONS · AS REPORTED

Sums to about $1.5B; the term loan is an expansion of an existing facility.

APTERRA TERM LOAN

$900M

up from $300M set up in Sept 2025

The $600M expansion was led by Apterra Infrastructure Capital. Citibank leads the new revolver and letter of credit lines, with six other banks.

WHAT IT FUNDS

Pre-build

land, power procurement, long-lead equipment

The letter of credit line covers collateral such as utility interconnection deposits. Revolver can grow to $2B and the LC line to $1B, subject to conditions.

ROWAN PIPELINE

5.5 GW

US pipeline · 1.2 GW+ contracted

More than 1.2 GW is already contracted to technology companies. Rowan reports over $8B raised from over 40 lenders in the past 18 months.

US pipeline context

MW · PUBLISHED CAPACITY ONLY

US under construction — 34,287 MW

US announced — 15,943 MW

183 US projects tracked; world total is 51832 MW under construction.

coloprice.com

Debt is arriving before the buildings: land, power and equipment are now financed first.
